**itelligence Named 2009 SAP® Business All-in-One Partner of the Year, U.S.**

**Cincinnati, March 2, 2010** — itelligence today announced it has been named the 2009 SAP® Business All-in-One Partner of the Year, U.S. Awards were granted by SAP America, Inc. and SAP Canada, Inc. to the top-performing SAP channel partners and SAP BusinessObjects™ partners in North America for outstanding contributions in revenue, marketing and customer service.

“itelligence is very proud to have once again received this honor from SAP, especially because the award represents tremendous achievement for a top-priority program despite historic economic challenges,” said Steve Niesman, itelligence U.S. president and CEO. “Our close, strategic partnership with SAP continues to be a big reason for our success, and we are determined to continuously increase our value to SAP and our customers in every way.”

Selected from SAP’s wide-ranging North American partner base of SAP channel partners and SAP BusinessObjects partners, nominations were evaluated on numerous criteria to determine winning partners in each product category. As the recipient of the 2009 SAP Business All-in-One Partner of the Year, U.S. award, itelligence has been honored as the SAP channel partner that delivered the most new accounts, performed against targets, and exceeded customer satisfaction measures in the U.S.

itelligence received the award at a special awards ceremony held on March 2 in Las Vegas at Partner Summit Americas 2010, an annual gathering of SAP sales executives and partners to learn about SAP’s sales methodology, best practices, business growth opportunities and product innovations. The theme of this year’s summit was “The Clear Path Forward” and the focus was on helping the SAP channel partners succeed by providing the tools, resources and training needed to make them successful in 2010. This year’s Partner Summit hosted more than 650 attendees from the U.S. and Canada.

“SAP congratulates itelligence on receipt of the 2009 SAP Business All-in-One Partner of the Year, U.S. award, demonstrating a strong commitment to the SAP partnership and our joint customers,” said Kevin Gilroy, vice president, North American Channel, SME, SAP America, Inc. “Through its hard work, dedication and consistent collaboration with SAP, and its outstanding performance and revenue growth in 2009, itelligence has delivered the value of SAP applications to our joint customers.”

itelligence is an SAP gold channel partner for SAP Business All-in-One and SAP BusinessObjects solutions. itelligence offers midmarket customers SAP BusinessObjects Edge solutions to address increasingly critical business issues, including the need for better access to valuable business intelligence to inform their decisions.

### **SAP Forward-looking Statement**

Any statements contained in this document that are not historical facts are forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. Words such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “project,” “predict,” “should” and “will” and similar expressions as they relate to SAP are intended to identify such forward-looking statements. SAP undertakes no obligation to publicly update or revise any forward-looking statements. All forward-looking statements are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. The factors that could affect SAP's future financial results are discussed more fully in SAP's filings with the U.S. Securities and Exchange Commission ("SEC"), including SAP's most recent Annual Report on Form 20-F filed with the SEC. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates.
