ITELLIGENCE U.S. HONORED AS SAP AMERICA'S BUSINESS PARTNER OF THE YEAR

Cincinnati, Ohio, January 28, 2005 – For the second consecutive year, SAP America, Inc. has honored itelligence U.S. as its mySAP All-in-One Business Partner of the Year. The award recognizes itelligence's combined ability to obtain new customers, deliver innovative, high-quality solutions and provide outstanding customer support in 2004.

itelligence received the award at the 2005 SAP® North America Field Kickoff Meeting (Jan. 12-14), SAP's annual event which sets business and marketing strategy for its sales executives and business partners for the upcoming year.

itelligence also received recognition for outstanding performance in software license revenue in the SAP SMB channel. Awards were given to Phillip McKee and Jim Ware for their ability to meet sales objectives set forth by SAP and itelligence.

"We applaud the efforts of Phillip McKee and Jim Ware," said Gene Climer, itelligence vice president of software sales. "These awards reflect itelligence's commitment to understanding and serving the special needs of mid-size businesses."

"These awards demonstrate itelligence's leadership in introducing solutions that meet the unique needs of our mid-market customers and supporting those solutions with excellence in 2004," said Michael Sotnick, senior vice president, Small and Midsize Solutions for SAP America. "We're proud to be partners with itelligence and look forward to building momentum in 2005."

“As a back-to-back winner of the Business Partner of the Year award, we are doubly honored as it reflects our sustained success in bringing the power of SAP to the mid-market,” said Steve Niesman, itelligence president and CEO. “We congratulate the employees who made this such a great year and are committed to extending this leadership position in 2005.”

Based on mySAP Business Suite, mySAP All-in-One solutions are affordable and rapidly implemented, pre-packaged applications for small and midsize businesses (SMB) requiring a high degree of vertical industry capabilities.
