

### **itelligence AG reports Armacell GmbH as new customer**

Bielefeld, January 25, 2005 – itelligence AG, Bielefeld, one of the leading IT service providers in the SAP environment reports the Münster-based Armacell International GmbH as a new consultancy customer. Process consultancy for optimized production, logistics and administrative workflows are the key focus of this complex project. Armacell produces and markets insulants for hot and cold insulation for home and technical systems. Armacell also manufactures special foams for industrial applications and the sport and leisure sector. With 2000 employees in 17 production facilities in 11 countries, the company is the global leader in the production of flexible and technical insulation.

From February 2005, itelligence consultants will begin work at Armacell International for all matters relating to its SAP launch. The first stage is identifying optimization and harmonization potential in the existing IT landscape. The focus will then be on determining an optimized future-proof target concept based on SAP. Armacell is utilizing the experience of itelligence AG, which combines process consultancy with industry experience, process consultancy expertise and realization experience in the SAP environment. The aim of the project is to achieve a considerable improvement in transparency with the launch of the ERP solution during the individual implementation stages combined with increased cost and planning security in the planned global launch of SAP at Armacell.

In the US, Armacell already benefits from the extensive SAP expertise, high quality and geographical proximity of itelligence in the outsourcing process. Since 2004, the American outsourcing specialists at itelligence Support Advantage, the service and support arm of itelligence in the USA, have been supporting the ERP applications of Armacell USA and China locally at the itelligence computer center.

Rigobert Kuhrmann, Head of IT at Armacell GmbH explains why itelligence AG was chosen, “The professionalism and SAP expertise of the itelligence consultants in the US and in Germany convinced us that we have found a partner that meets our requirements and implements them efficiently.”
