

**itelligence confirms technological leadership in the SAP environment**

### **itelligence appointed Special Expertise Partner SAP NetWeaver**

Bielefeld, October 26, 2004 - Bielefeld-based itelligence AG has been appointed Special Expertise Partner SAP NetWeaver (SAP Enterprise Portal (SAP EP), SAP Exchange Infrastructure (SAP XI)) by SAP AG in recognition of the consulting firm's comprehensive customer and project experience with SAP NetWeaver and its SAP XI and SAP EP components. The appointment makes itelligence AG one of the first SAP consultancies to join a very select circle of consultancies singled out by SAP for their commitment to the new technology.

The appointment as SAP Special Expertise Partner SAP NetWeaver was preceded by a long qualification phase during which the SAP Partners are checked for their technological and consulting expertise and their project know-how. The commitment to SAP NetWeaver is of great strategic importance for itelligence, which joined the global SAP NetWeaver Initiative already in February 2004. In July 2004, the company was appointed Special Expertise Partner for NetWeaver components such as XI and Enterprise Portal in recognition of its expertise gained and leveraged in numerous client projects, e.g. for DEUTZ AG and Pinnacle Systems.

Says Michael Vollmer, Head of itelligence's mySAP Solutions Division: "The appointment as Special Expertise Partner NetWeaver underlines our expertise to fully implement the leading SAP technology to the benefit of our customers. As a forward-looking technology platform, the SAP NetWeaver technology is of great strategic importance for us to offer our clients future-oriented modular and scalable solutions."

itelligence AG is constantly developing and refining its SAP know-how. In addition to Special Expertise Partner Exchange Infrastructure and the recent appointment as Special Expertise Partner Enterprise Portal, itelligence AG is also Special Expertise Partner for mySAP Product Life-Cycle Management (mySAP PLM), mySAP Customer Relationship Management (mySAP CRM) and mySAP Supplier Relationship Management (mySAP SRM).
